## Statewide Constitutional Amendments November 7, 2006 General Election

**1.** Must Article XVII of the Constitution of this State be amended by adding Section 15 so as to provide that in this State and its political subdivisions, a marriage between one man and one woman is the only lawful domestic union that shall be valid or recognized; that this State and its political subdivisions shall not create, recognize, or give effect to a legal status, right, or claim created by another jurisdiction respecting any other domestic union, however denominated; that this amendment shall not impair any right or benefit extended by the State or its political subdivisions other than a right or benefit arising from a domestic union that is not valid or recognized in this State; and that this amendment shall not prohibit or limit the ability of parties other than the State or its political subdivisions from entering into contracts or other legal instruments?

Yes ☐

No ☐

### **Explanation of above:**

This amendment provides that the institution of marriage in South Carolina consists only of the union between one man and one woman. No other domestic union is valid and legal. The State and its political subdivisions are prohibited from creating or recognizing any right or claim respecting any other domestic union, whatever it may be called, or from giving effect to any such right or benefit recognized in any other state or jurisdiction.

However, this amendment also makes clear it does not impair rights or benefits extended by this State, or its political subdivisions not arising from other domestic unions, nor does the amendment prohibit private parties from entering into contracts or other legal instruments.

**2 a.** Shall Article III, Section 9 of the Constitution of this State be amended so as to provide that the annual session of the General Assembly shall commence on the second Tuesday in January at the State Capitol Building in the City of Columbia, but that each body shall be authorized by majority vote to recede for a period of time not to exceed 30 consecutive calendar days at a time, or by two-thirds vote to recede for a time period of more than 30 consecutive calendar days at a time, and to sit in session at the State Capitol Building in the City of Columbia, and to provide for meetings as each body shall consider appropriate, and to provide for an organizational session for the Senate in those years in which the membership of the Senate is elected and to delete obsolete language relating to earlier sessions of the General Assembly?

Yes ☐

No ☐

### **Explanation of above:**

This amendment permits either house by majority vote to recede for not more than thirty days at a time or by a two-thirds vote to recede for more than thirty days at a time, permits each house to meet during the legislative session as it considers appropriate, and permits organizational sessions of the Senate in the years senators are elected after the election before the next regular session the following January. The House is presently permitted to organize this way but the Senate is not.

**2 b.** Shall Article III of the Constitution of this State be amended by deleting Section 21 which provides that neither house of the General Assembly shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which it shall be at the time sitting?

Yes ☐

No ☐

**Explanation of above:**

This amendment deletes a requirement that prohibits either house from adjourning for more than three days without the consent of the other house. This deletion is necessary to permit the meeting and receding provisions outlined in paragraph one. (from Amendment 2 a)

**3 a.** Must the first sentence of the fourth paragraph of Section 16, Article X of the Constitution of this State relating to the equity securities investments allowed for funds of the various state-operated retirement systems be amended so as to delete the restrictions limiting investments in equity securities to those of American-based corporations registered on an American national exchange as provided in the Securities Exchange Act of 1934 or any successor act, or quoted through the National Association of Securities Dealers Automatic Quotations System or similar service?

Yes ☐

No ☐

**Explanation of above:**

Currently, South Carolina's Retirement Systems may invest only in publicly traded stocks and stocks of companies located in the United States. This amendment would allow prudent investing in all stocks as a means of seeking higher profits.

**3 b.** Must the second through the seventh sentences of the fourth paragraph of Section 16, Article X of the Constitution of this State relating to the establishment and membership of the State Retirement Systems Investment Panel be amended by deleting these sentences thereby abolishing this constitutionally established panel?

Yes ☐

No ☐

**Explanation of above:**

This amendment would eliminate the Investment Panel, an advisory body, and its accompanying expenses.

4. Must Article III and Article X of the Constitution of this State be amended to authorize the General Assembly to establish the method of valuation for real property based on limits to increases in taxable value, adjusted for improvements and losses, of no more than fifteen percent over a five-year period, unless an assessable transfer of interest occurs; to provide that for purposes of calculating the limit on bonded indebtedness of political subdivisions and school districts, the assessed values of all taxable property within a political subdivision or school district shall not be lower than the assessed values for 2006; and to provide that the General Assembly, by general law and not through local legislation pertaining to a single county or other political subdivision, shall provide for the terms, conditions, and procedures to implement the above provisions?

Yes ☐

No ☐

**Explanation of above:**

This amendment will limit increases in the value of a parcel of real property for purposes of imposing the property tax to no more than fifteen percent every five years after the current value of the property has been adjusted: (1) to reflect improvements made to the parcel; (2) to reflect a decline in the value of the parcel; and (3) to reflect the value of the parcel when ownership of the property changes as the General Assembly by law defines such changes.

5. Must Section 13, Article I of the Constitution of this State be amended so as to provide that except as otherwise provided in the Constitution, private property shall not be condemned by eminent domain for any purpose or benefit, including, but not limited to, the purpose or benefit of economic development, unless the condemnation is for public use; and to further provide that for the limited purpose of the remedy of blight, the General Assembly may provide by law that private property, if it meets certain conditions, may be condemned by eminent domain without the consent of the owner and put to a public use or private use if just compensation is first made for the property; and must Section 17, Article I of the Constitution of this State be amended to delete undesignated paragraphs that give slum clearance and redevelopment power to municipalities and housing or redevelopment authorities in Sumter and Cherokee Counties; and must the Constitution of this State be amended to delete Section 5, Article XIV, which provides slum clearance and redevelopment power over blighted properties to municipalities and housing or redevelopment authorities in Spartanburg, York, Florence, Greenville, Charleston, Richland, and Laurens Counties?"

Yes ☐

No ☐

**Explanation of above:**

This amendment prohibits the State or a local government from condemning, or taking, private property for any purpose except for a public use, and says that economic development in itself is not a public use; allows the General Assembly to pass a law that allows condemnation for a private use only if the property is blighted and is dangerous to the community's safety and health and if fair compensation is paid; and deletes language about condemnation of blighted areas by some specific local governments.

# STATE ELECTION COMMISSION MINUTES

2005-2006

**THE WESTIN RESORT, HILTON HEAD ISLAND

**January 20, 2005

Members Present: Mr. Karl S. Bowers, Jr., Chairman; Mr. John H. Hudgens, III; Mr. Edward K. Pritchard, Jr.; and Mrs. Pamela B. Pinson

Others Present: Ms. Marci Andino, Executive Director

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE  
FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the State Election Commission meeting to order.

Ms. Andino updated the Commission on the status of the development of a new voter registration system. Ms. Andino reported that for about five (5) years implementation for a web-based, statewide voter registration system has been underway. The new web-based, statewide voter registration system has not been completed, due in part to personnel changes and alterations in design requirements. A plan was submitted in December 2004 to complete the system, and Joe Debney of the State Election Commission will be working with the development team to complete this project. A June 30, 2005 deadline for implementation of the new web-based, statewide voter registration system has been established. Ms. Andino stated that no action by the Commission is required at this time.

Mr. Bowers stated that if the June 30<sup>th</sup> deadline is not met, the Commission will consider legal action to protect the interests of the agency. Mr. Hudgens asked if the Attorney General's Office would participate in any potential litigation, and Ms. Andino stated that she would contact the Attorney General's Office to find out.

Ms. Andino updated the Commission on the Commission's budget. She reported that we have received \$40M in federal monies for HAVA Phase I and Phase II, and we expect to receive \$7M in additional funds. If the \$7M is not received, the "Every Vote Matters, Every Vote Counts" advertising campaign would be reduced to accommodate any budgetary shortfalls. We will be in compliance with HAVA requirements regarding a statewide voting system after the remaining 31 counties implement the voting system.

Ms. Andino reminded Commissioners to mail in their Statement of Economic Interest Forms by April 15, 2005 to avoid penalties.

Ms. Andino stated that she will ask the General Assembly for legislation to allow for early voting for two full weeks prior to a general election. The benefits of early voting include the reduction of election costs and long lines at voting precincts. Early voting

legislation has not yet been introduced in the General Assembly, but it may be introduced in the Senate by Senator Martin and Senator McConnell.

Mr. Pritchard made a motion to adjourn the meeting of the State Election Commission. Ms. Pinson seconded the motion. The motion passed unanimously.

Respectfully submitted,

Cindy Peel  
Administrative Assistant

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE  
FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the State Election Commission meeting to order. Mr. Bowers stated that the purpose of the meeting was to discuss the appeal hearing scheduled for February 14, 2005 in the matter of Joey Douan vs. Colleen Condon.

Pursuant to Section 7-17-70 of SC Code of Laws, the state board is bound by the facts as determined by the county board. However, if in the opinion of at least two members of the state board the facts should be reviewed, then a hearing de novo must be held by the state board. Mr. Bowers called this meeting to determine if any member desired to conduct a de novo hearing in this matter. No members indicated a desire to conduct a de novo hearing at this time.

Mr. West made a motion to adjourn the meeting of the State Election Commission. Ms. Pinson seconded the motion. The motion passed unanimously.

Respectfully submitted,

Cindy Peel  
Administrative Assistant

Others Present:       Ms. Marci Andino, Executive Director

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE  
FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the State Election Commission meeting to order.

The approval of minutes of previous meetings was tabled until next meeting, which is scheduled for April 20, 2005.

Ms. Andino reported that questions concerning the process of certifying election results for county-wide races arose during a hearing in a civil action filed in Charleston County related to the recent special election for a county council seat in Charleston County. Mr. Pritchard was subpoenaed to testify in this hearing regarding the certification process. Ms. Andino reported that for county-wide or less offices, the State Board of Canvassers has historically relied on the certification results as performed by the local board of canvassers. In such cases, the State Election Commission will report the winner as certified by the local board to the Secretary of State's office. Mr. Bowers asked how long the current process for certification of elections had been followed, and Ms. Andino stated for over twenty-one years.

At Mr. Bowers' request, Ms. Andino will prepare a draft of the certification process and seek legal advice from the Attorney General's office to ensure the process complies with state law. The Commission will consider formal adoption of the procedure at the next meeting. Mr. Bowers asked that in the future, commissioners should forward any subpoenas they receive related to their duties as commissioners to Ms. Andino, who will contact the Attorney General's office for further guidance in such circumstances.

Ms. Andino gave an update on the status of Proviso 62.14. Ms. Andino reported that on February 8, 2005 letters were sent to all vendors with voting equipment certified in South Carolina. The letter requested a statement as to whether or not the vendor's equipment was the subject of decertification, ethical, or technical violations since the last report made in September 2004. To date, no vendors have responded to this request.

Ms. Andino also provided a legislative update. Ms. Andino reported that a bill had been introduced in the Senate (S185) that would require the inclusion of the offices of President/Vice President in the straight party selection on ballots used in optical scan voting systems. Other bills related to election issues that have been introduced in the House include: 1) H3167 to require registration by party; 2) H3347 requiring the State Election Commission to adopt one voting system; and 3) H3414 to delete the witness requirement on absentee ballots.

Ms. Andino gave a budget update. Although it is early in the budget process, the House has recommended \$3.3M for the State Election Commission to conduct the 2006 statewide primaries.

Ms. Andino gave a statewide voting system update, noting that fifteen counties have implemented the new voting system to date. The new equipment has been delivered to thirty additional counties, and training is underway in those counties. Sumter County opted to wait until after the November 2004 general election to replace its punch card voting system. Since Sumter County did not meet the HAVA deadline to replace punch card voting systems, \$169,000 in HAVA Funds will have to be returned. Sumter County has three options to deal with this shortfall: 1) contribute \$169,000 towards the purchase of voting machines; 2) accept the new system with fewer voting machines than originally allocated; or 3) continue using the punch card voting system. A decision is expected from Sumter County later this week.

Mr. Hudgens requested an update on the new voter registration system. Ms. Andino reported that the CIO's office has made some progress on the new system, but the new system is not yet ready to be implemented. Ms. Andino will report as to the status of this system at a future meeting.

Mr. Bowers congratulated Ms. Andino and the office staff on the professionally-presented HAVA Exhibit at the State House on Tuesday, March 15th. The exhibit spotlighted the progress and achievements of South Carolina in implementing HAVA. Educational materials relating to HAVA changes were displayed and demonstrations of the new voting system were given. Mr. Bowers stated that he received many positive and favorable comments regarding the exhibit.

Mr. Pritchard made a motion to adjourn the meeting of the State Election Commission. Ms. Pinson seconded the motion. The motion passed unanimously. The next scheduled meeting will be held on April 20, 2005 at 10 a.m.

Respectfully submitted,

Cindy Peel  
Administrative Assistant

In accordance with Section 7-13-190, filing opens April 29 at noon and closes May 9 at noon with a special election to be held on August 16, 2005.

The next item discussed was the Political Activity Guidelines adopted April, 1984 and reaffirmed July, 1994 by Members of the State Election Commission. Mr. West asked Ms. Andino if a comparison had been made between these guidelines and the Ethics Act.

Mr. Bowers interjected that the SEC should formally request the Attorney General's office and Ethics Commission review guidelines for compliance with state law.

Ms. Andino replied that she will contact Sonny Jones with the Attorney General's Office and Herb Hayden, Executive Director of the State Ethics Commission to review a draft of the guidelines.

Mr. Bowers requested that Ms. Andino send the draft to all commissioners so that they may individually research to determine compliance and address for approval at next meeting.

Ms. Andino shared a copy of Mr. Pritchard's letter to Attorney Thomas Goldstein concerning the Douan case. Attorney Goldstein has subpoenaed Mr. Pritchard to testify in a deposition.

Mr. Bowers requested Ms. Andino to contact the Attorney General's office to respond appropriately.

Mr. Bowers requested that when individual commissioners are subpoenaed they turn over subpoena to Ms. Andino. The subpoena will then be forwarded to the Attorney General's office in an effort for appropriate party to respond.

Mr. West responded in his opinion the Attorney General's office should represent the commission, but not to limit commissioners to reserve the right to have a privately personal attorney.

Mr. Bowers agreed as per tribunal not to preclude the right to have a private attorney.

Ms. Andino updated the Commission on the status of Proviso 62.14. Ms. Andino reported that a letter was sent to all vendors notifying them of the new requirements under Proviso 62.14 on February 8<sup>th</sup> with no response. A follow up letter was sent on March 16<sup>th</sup> and vendors have responded.

Mr. West stated that the commission should rely on Ms. Andino's assertions and as the Executive Director she should be authorized to act in an administrative capacity to deem they have complied.

Ms. Andino gave a Legislative update. The statewide voting bill (H 3347) has passed the House and Senate Judiciary. Ms. Andino is working with Senator Knotts to resolve issues he has with the language in the bill. Senator Knotts wants to amend the language allowing decertification of vendors. Senator Knotts also has a bill (S 733) to create the division of elections within the department of secretary of state and devolve certain powers, duties, and responsibilities from the state election commission to the division of elections.

Last item of business was an update on the Voter Registration System development. Ms. Andino reported that the CIO's office has been making progress since January. They have assigned three developers but still will not be able to complete project by June 30<sup>th</sup>. Larry Johnson with the CIO's office has resigned. Ms. Andino will be meeting with Frank Fusco, Executive Director of the Budget and Control Board to discuss development of the system and will report back at next meeting.

Mr. Bowers asked other than project delays, what potential harm or costs has this been to the commission? What remedy is there to address this situation?

Mr. Bowers stated that he attended the Public Relations Society Awards Ceremony along with Ms. Andino, Mrs. Royson, and Mr. Debney. Chernoff, Newman, Silver and Gregory won 11 awards and five of them were for the "Every Vote Matters, Every Vote Counts" initiative. Burson-Marsteller is a finalist in the National Saber Awards for the "Every Vote Matters, Every Vote Counts" initiative.

Mr. West made a motion to adjourn the meeting of the State Election Commission. Ms. Pinson seconded the motion. The motion passed unanimously. The next scheduled meeting will be held on May 18, 2005 at 10 a.m.

Chairman Bowers called the meeting of the State Election Commission to order.

Approval of the Minutes from the May 18, 2005, June 6, 2005, and July 1, 2005 meetings were tabled.

Mr. West moved to carry-over the adoption of guidelines for political activity. Mr. Hudgens seconded the motion and a unanimous decision was made to carry-over the affirmation/adoption of Guidelines for Political Activity until the next scheduled meeting.

Ms. Andino proposed that, since legislation recently passed to require one system of voting in South Carolina, the State Election Commission begin maintaining a list of currently certified versions of hardware, software and firmware pertaining to the voting system used in the State rather than all systems which are certified. Mr. Hudgens made a motion that the State Election Commission begin maintaining a list containing only the current certified versions of hardware, software and firmware for the voting system currently used in the State. The motion was seconded by Mr. Bowers and received unanimous approval from the commission members.

Ms. Andino reported that she recently met with Frank Fusco, Director of the State Budget and Control Board, who has received funding to assist with completion of the re-write of the voter registration system. We are currently awaiting an estimated completion date from the State CIO. Since past time estimates from the State CIO have been inaccurate, there is concern that the new time estimates will also be inaccurate. The CIO is in the process of hiring additional help to complete the project and current progress is good. At the very least, the project will not be completed prior to 2007.

Mr. West expressed concern that the State has spent time and money on this project and still does not have a final product.

There being no further business to discuss, the next meeting was scheduled for August 17<sup>th</sup> at 10:00 am.

Chairman Bowers called the State Election Commission meeting to order.

The Minutes of the May 18, June 6, July 1, July 20, August 15, August 19 and September 2, 2005 meetings were reviewed and considered for approval. Mr. West made a motion to approve the slate of Minutes as amended. Mr. Pritchard seconded the motion. The motion passed unanimously.

The next item discussed was the "Political Activity Guidelines" document adopted April 1984 and reaffirmed July 1994 by the State Election Commission. Ms. Andino reported that Sonny Jones with the Attorney General's Office and Herb Hayden, Executive Director of the State Ethics Commission have reviewed the guidelines and have indicated that they believe the guidelines are in compliance with state law. After some discussion, the board decided that because the Guidelines simply re-state the law, there was no need to formally adopt a duplicative measure. The Commission agreed that the guidelines should be given to new commission members at the state and local levels as a summary of permissible political activities, and the Commission also agreed that the guidelines should be reviewed annually to ensure their accuracy.

Ms. Andino updated the Commission on the status of the Voter Registration System and the Statewide Voting System. Ms. Andino also reminded the Commission of the upcoming S.C.A.R.E. Conference, which will be held January 25 – 28, 2006. Mr. Thomas R. Wilkey, Executive Director of the US Election Assistance Commission, will be the keynote speaker for the conference.

Ms. Andino reported on the Fiscal Year 2006-07 Budget Request submitted last month, as well as the Commission's Accountability Report. This report is due each year along with the budget request. Copies of the accountability report were made available to the Commission, and the report will also be made available to the public via the Commission's website.

Ms. Andino reported that there will be a special election to fill the remainder of the term for the District 64 seat in the House of Representatives. The vacancy was created by the recent death of The Honorable C. Alexander Harvin, III. The Primary is scheduled for January 3, 2006, and Special Election to be held on February 14, 2006.

Chairman Bowers called the meeting of the State Election Commission to order.

The Minutes of the October 7, October 14, October 19, and December 2, 2005 meetings were reviewed and considered for approval. Mr. Hudgens made a motion to approve the slate of Minutes as amended. Mr. Pritchard seconded the motion. The motion passed unanimously.

The next item discussed was changes to be made to the Political Activity Guidelines. Ms. Andino reported that the document was revised to include language stating the guidelines were for informational purposes only. Mr. Bowers stated the changes made reflect the will of the Commission.

Ms. Andino updated the Commission on the status of the Voter Registration System. Ms. Andino reported that a Memorandum of Understanding is being drafted between the South Carolina State Election Commission and the South Carolina State Budget and Control Board, Office of the Executive Director.

Mr. West made a motion to go into Executive Session to discuss contractual issues and legal matters. Ms. Pinson seconded the motion. The motion passed unanimously.

Mr. Hudgens made the motion to leave Executive Session. Mr. Pritchard seconded the motion. The motion passed unanimously. Mr. Bowers stated that no action was taken while in Executive Session.

Ms. Andino updated the Commission on the status of the Statewide Voting System. The Statewide Voting System has been used in the majority of counties. Over 50 counties used the new system for their elections on November 8, 2005. A rover (technician) training session was conducted and rovers were sent to assist in various counties/precincts during this election. Only a few minor problems were encountered

and immediate steps were taken to correct them. The SEC met with ES&S support to wrap up the 2005 efforts and plan for 2006.

Ms. Andino reminded the Commission of the 31<sup>st</sup> Annual Legislative SCARE conference to be held January 25-28, 2006 in Myrtle Beach, South Carolina. On Wednesday, January 25<sup>th</sup> a New Member Orientation will be held. The State Election Commission's program will be on Thursday and the Legislative Session on Friday.

Ms. Andino briefed the Commission on a voter registration database comparison project South Carolina is participating in with other southern states. The purpose of the project is to identify voters who are registered to vote in multiple states. Initial comparisons with the State of Kentucky identified approximately 4100 voters registered in both states. Steps will be taken to remove duplicate registrations from the database.

The last item of business was the Intranet site developed for counties. The Intranet is a new website that will function as a centralized repository for all voter registration and elections information for the State and counties. Documents, Online Forms, Event Calendars, and SEC/County News will all be available on this site. Comments and suggestions have been received from ninety users. **THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Mr. West called the State Election Commission meeting to order. The meeting was held in Myrtle Beach conjunction with the 31<sup>st</sup> South Carolina Association of Registration and Election (SCARE) Annual Legislative Conference.

The Minutes of the December 7, 2005 and January 6, 2006 meetings were deferred for consideration until the next Commission meeting.

Ms. Andino updated the Commission on the status of the Voter Registration System. Ms. Andino reported that she and Chairman Bowers have met with Representative Cooper and Speaker Harrell to discuss funding for the project.

Ms. Andino updated the Commission on the status of the Statewide Voting System. Ms. Andino reported that 36 counties have used the Statewide Voting System since implementation began in 2004. Four counties will be using the system for the first time in June.

Ms. Andino reported that the State Election Commission is hosting an ElectionNet Information Booth in the vendor exhibition area. The purpose of the booth is to generate interest in and answer questions about the official Intranet website of the South Carolina election community. ElectionNet is a website that contains information and tools to assist counties in administering and conducting elections and voter registration. It also serves as a forum for counties to communicate with each other and with the State Election Commission. The Commission will be given a demonstration of ElectionNet at the next scheduled meeting

On Wednesday, January 25<sup>th</sup> the State Election Commission conducted a New Member Orientation Class for newly appointed board members, commissioners, and staff.

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD  
PURSUANT TO THE FREEDOM OF INFORMATION ACT AND ALL  
REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the meeting of the State Election Commission to order.

The Minutes of the December 7, 2005, January 6, 2006, and January 26 meetings were reviewed and considered for approval. Mrs. Pinson made a motion to approve the Minutes. Mr. Pritchard seconded the motion. The motion passed unanimously.

The first item discussed was the new Statewide Voter Registration System. Ms. Andino reported that the Budget and Control Board has hired a new Chief Information Officer, Jim Bryant. Dr. Bryant proposed to personally work directly with the State Election Commission and TIBA to define requirements for the new system. Three meetings with Dr. Bryant have taken place over the past two weeks and he is now fully aware that the State Election Commission desires an entire election management system rather than a simple voter registration system.

Mr. Pritchard made a motion to enter into executive session to discuss contractual issues. Mrs. Pinson seconded the motion. The motion passed unanimously.

Mr. Pritchard made a motion to leave executive session. Mrs. Pinson seconded the motion. The motion passed unanimously. Chairman Bowers stated that no action was taken while in executive session.

Ms. Andino reported that implementation of the statewide voting system is on schedule. Election Systems & Software hired 15 project leads who will service 2-3 counties each. These project leads possess a higher level of technical skills and project management experience than the project leads used in Phase I of the system implementation. All project leads have received extensive training and have begun working directly with county election commissions. The June 13, 2006 primary will be the first election where

the machines are used on a statewide basis. Only four counties will be using the system for the first time in that election. County offices have been attending voting system training on a regular basis.

Ms. Andino informed the Commission that she has been working with the U.S. Department of Justice (DOJ) concerning the two week timeframe between South Carolina primaries and run-off elections. DOJ informed Ms. Andino in a letter, and subsequent conference calls, of their concern that citizens protected under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) will not have sufficient time to receive and return ballots for run-off elections. Legislation was introduced in the State Senate and House to extend the period between the primary and run-off from two weeks to four weeks. In addition to the four week time frame, it is possible that counties may also mail a blank write-in ballot with the primary ballots. This blank ballot would be used in the event of a run-off and would decrease the time frame of ballot transmission to a one-way transit time.

Chairman Bowers stated that the State Election Commission is committed to taking the necessary steps to ensure that UOCAVA voters have adequate time to cast ballots.

Chairman Bowers reminded Commissioners that they need to complete Statement of Economic Interests forms by April 15, 2005.

A meeting of the State Board of Canvassers was set for Friday, February 17 at 2:00 p.m. to certify results of the February 14 House District 64 Special Election.

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE  
FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the meeting of the State Election Commission to order.

The approval of Minutes for the February 15 and February 17, 2006 meetings was carried over until the next scheduled meeting.

Ms. Andino updated the Commission on the status of the new voter registration system. Ms. Andino reported that several meetings have been held with the new Chief Information Officer, Jim Bryant. Mr. Bryant is eager to provide assistance to the agency and has offered to attend a finance subcommittee meeting to discuss the budget request to develop and support the statewide voter registration system. The House version of the budget includes \$300,000, of the \$3M requested, for the requirements definition of the new voter registration system. Ms. Andino stated that with only \$300,000 budgeted she does not see how we can proceed with the requirements definition for the new system.

After some discussion, the Commission agreed with Ms. Andino that we can not proceed and have no litigation options. Mr. Bowers suggested we fully document the process.

Ms. Andino updated the Commission on the status of the statewide voting system. Counties have been assigned project leads and area regional managers are in place. All counties, with the exception of two, have attended kick-off meetings. Election Readiness classes have been conducted. A rover (technician) plan has been developed and sent to counties. Rovers will assist poll managers with the opening and closing of voting machines at the polls and producing the zero tapes after polls have closed. There are some concerns about readiness for the June 13<sup>th</sup> Primary in a few counties and we are working closely with them to resolve these issues. Letters have been mailed to House and Senate members informing them of the progress the voter registration and election officials in their county have made toward completing the required training and certification program. Delegation members are putting pressure on counties to complete the Training and Certification Program.

Ms. Andino reported on the February 1<sup>st</sup> conference call with the Department of Justice inquiring about SC's procedures for ensuring that citizens protected under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) are able to cast ballots in any run-off election for federal offices. At present, there is not enough time for UOCAVA voters to receive absentee ballots. On February 14<sup>th</sup>, legislation was introduced in the House and Senate to provide an absentee instant runoff ballot for voting in a potential primary runoff at the time an absentee ballot for the primary is mailed. The bill also permits electronic transmission of absentee ballots to (UOCAVA) citizens. S-1145 has passed the Senate and is now in the House. This legislation is going to mean a change for counties and we are preparing instructions for counties on how to count ballots.

The last item of business was the demo of the Intranet site developed for counties. The demo was carried over to the April meeting.

Mr. Pritchard made a motion to adjourn the meeting of the State Election Commission. Ms. Pinson seconded the motion. The motion passed unanimously.

Respectfully submitted,

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Commissioner Hudgens called the meeting of the State Election Commission to order.

The first item of business was the approval of Minutes from the February 15 and February 17, 2006 meetings. Mr. West made a motion to table approval of Minutes until the next meeting. Mrs. Pinson seconded the motion. The motion passed unanimously.

Ms. Andino updated the Commission on the status of the new statewide voting system. Ms. Andino reported that counties are preparing for the first statewide use of the electronic voting machines. Regional Managers, hired by the vendor, are working closely with county election commissions to ensure that the voting machines are ready for the June 13, 2006 Primary and June 27, 2006 Runoff. Training classes are being conducted for counties covering all steps from the receipt of their databases through election night reporting. The electronic voting machines have already been used in the majority of counties, so only a few counties will be using the new system for the first time.

Ms. Andino updated the Commission on the status of the Primary/Runoff legislation which is supported by the Department of Justice. This legislation requires an absentee instant runoff ballot to be mailed to UOCAVA citizens at least 45 days prior to the primary to ensure voters have time to receive, cast and return the ballots by the deadline. This legislative change allows SC to continue having runoffs two weeks following the Primary. Statewide meetings have been conducted to discuss the new procedures. Additional classes for directors and absentee clerks have been conducted to instruct counties on how to process instant runoff ballots. The Department of Justice expressed its appreciation for this legislation getting passed so quickly.

Ms. Andino reported that a Primary Preparations meeting was held at the SC State Museum on April 6, 2006 with 45 counties in attendance. Counties are currently proofing and approving ballot data. Candidate filings for the June 13 Primary have been posted to the SEC website.

Ms. Andino reported that May 2006 has been declared Voter Education Month throughout the State of South Carolina by proclamations of the Governor and the General Assembly. A kick-off meeting will be held on May 3<sup>rd</sup> on the south steps of the SC State House. Following the initial kick-off meeting, regional press conferences will be held in Greenville, Florence and Charleston. Throughout the month, the HAVA bus, along with the HAVA Voter Education Team, will visit numerous festivals, meetings, fairs, and other events throughout the state to demonstrate the new voting machines.

The Governor has proclaimed May 3, 2006 as SC State Employee Recognition Day. The State Election Commission will have a luncheon on May 1<sup>st</sup> to recognize its employees for their hard work and dedication. Commissioners are invited to attend.

The Working Families Party has informed the Commission that it plans to submit a petition for party certification on May 4, 2006.

Mr. West made a motion to adjourn the meeting of the State Election Commission. Mrs. Pinson seconded the motion. The motion passed unanimously.

The first item of business was the approval of Minutes from the February 15, February 17 and April 19, 2006 meetings. Chairman Bowers made a motion to table approval of Minutes until the next monthly meeting. Mrs. Pinson seconded the motion. The motion passed unanimously.

Ms. Andino updated the Commission on the status of the primary preparations. Ms. Andino reported that there are 13 days left until the statewide primaries. June 13<sup>th</sup> will be the first statewide use of the electronic voting system. Counties are preparing voting machines and training poll workers. The voter registration lists for counties will be printed this weekend at the Office of the Chief Information Officer (CIO).

Election database issues are being resolved. Election Systems & Software (ES&S) has been responsive to these database issues, and the Commission has been working closely with ES&S to ensure that these issues will be resolved prior to election day.

Ms. Andino reminded the Commission that on Saturday, June 17<sup>th</sup> at 10:00 a.m. the Board of Canvassers will meet to certify primary results and order any runoff elections that may be necessary.

Ms. Andino updated the Commission on the status of the statewide voter registration system. Ms. Andino reported that on May 22<sup>nd</sup> a letter was sent to Frank Fusco, executive director of the State Budget and Control Board, recapping previous efforts to re-write the statewide voter registration system and requesting a refund in the amount of \$1.4 million. To date, Mr. Fusco has not responded to the letter.

Ms. Andino reported the FY 2006-07 State Appropriations bill is being considered by conference committee. The Appropriations Act funds the Commission at the same level as FY 2005-06. Appropriated funds for the general election will be \$3.125 million, which includes a pay increase from \$50 to \$60/day for poll workers. The last increase in

pay for poll workers was in 1999. The Commission will receive \$250,000 for recurring funds to support the statewide voting system and \$500,000 for continuing voting education efforts.

Chairman Bowers asked if we have had any response to our May Voter Education Month program. Ms. Andino reported that the kick-off meeting on May 3<sup>rd</sup> on the south steps of the SC State House received excellent media coverage. Some of the Voter Education Month activities included: counties honoring Golden and Youngest Voters, editorial board meetings with major newspapers, and television stations conducting week-long coverage on voter education.

Chairman Bowers requested an update on Bill H4579. The bill would require municipal and school board elections be held on same day as the general election. The bill passed the House but was not approved by the Senate subcommittee.

Mr. Pritchard made a motion to adjourn the meeting of the State Election Commission. Mrs. Pinson seconded the motion. The motion passed unanimously.

**THE MEETING OF THE STATE ELECTION COMMISSION WAS HELD PURSUANT TO THE FREEDOM OF INFORMATION ACT AND ALL REQUIRED NOTIFICATIONS WERE MADE.**

Chairman Bowers called the meeting of the State Election Commission to order.

The first item of business was the approval of Minutes from the September 20 and October 5, 2006 meetings. Chairman Bowers made a motion to table approval of Minutes until the next monthly meeting. Mrs. Pinson seconded the motion. The motion passed unanimously.

Ms. Andino updated the Commission on the status of the general election preparations. Ms. Andino reported that the general election is three weeks away and preparations are in full mode. Election Systems and Software (ES&S) is completing ballot definitions and databases. There are ten counties still to get ready. The Working Families Party candidate names are being added to the general election ballots and absentee ballots. There have been some local candidate withdrawals but it is too late to remove their names from the general election ballot. We are constantly reminding counties of the need to closely follow established testing and security procedures. Counties have been given a guide stressing security issues. Public and media scrutiny continues as evidenced by the cover of the Rolling Stone Magazine which reads "Electronic Voting Machines Can't Be Trusted" by Robert F. Kennedy, Jr. The article simply recaps events that have occurred over the past five years. The article leaves the average voter questioning the integrity of election officials and vendors as well as the reliability and accuracy of touch screen voting. We have mailed and posted on our Intranet site the Election Preparation and Results Accumulation Guide reminding counties the importance of testing and security. Ms. Andino also reported that Garry Baum and Heather Sherman, Division of Training, are conducting Poll Managers training in several counties in the use of the Ivotronic voting machines and conducting Rover training outlining the procedures on how to open/close voting machines.

Ms. Andino stated that the general election will be the last election that ES&S will support. We are confident that we are prepared to take over the support. We have created 200,000 databases. A Press Release is being sent out instructing voters of the last day to register to vote and for requesting an absentee ballot in a voter guide. A 55 to 60

percent voter turnout is expected. Usually 58 to 60 percent of registered voters actually turn out to vote. Statewide races are expected to be close.

Chairman Bowers stated that he will be visiting the SEC office mid-day and after the polls close on election day and Mr. Hudgens also stated he will be visiting the SEC office as well.

Ms. Andino handed Chairman Bowers a copy of the schedule for hearing Protest and Appeals. Copies will be distributed to all Commissioners. Ms. Andino stated that the deadline for counties to certify results to the SEC is November 11. The deadline for filing protests of county or less than countywide election with the county election commissions is November 15 and not earlier than November 20 for multiple county races such as SC House of Representatives and State Senate. The SEC convenes as the State of Board of Canvassers to certify all offices and questions on November 15. The SEC must hear all protests by December 15. The deadline for filing appeals is November 27 and the SEC must hear appeals prior to December 11. All commissioners will receive an updated copy of the Protest and Appeals Handbook.

Ms. Andino reported on correspondence received from voters. Ms. Andino stated that voters are going to a website Working Assets and signing up. Voters are asking that state officials run a clean, fair election on November 7th. We are responding to the 75 letters received. We have received email following Congress attempt to require emergency paper ballots instead of using voting machines. We are responding that we have emergency paper ballots in place for use only when voting machines are inoperable. Chris Whitmire, Public Information Officer for the SEC has been speaking with callers and has been successful with turning concerned voters around in their view of the electronic voting machines not being safe and secure.

Ms. Andino reported on the upcoming S.C.A.R.E. conference to be held in Myrtle Beach, South Carolina on January 31 – February 3, 2007. The agenda is still tentative will follow up when agenda has been finalized. The SEC program is scheduled for Thursday, February 1 and our monthly meeting will be held prior to the SEC program.

Chairman Bowers, Mr. Hudgens and Mrs. Pinson stated that they will be in attendance.

There being no further business, Mr. Hudgens made a motion to adjourn the meeting of the State Election Commission. Mrs. Pinson seconded the motion. The motion passed unanimously.

Chairman Bowers stated that immediately following the conclusion of the State Board of Canvassers meeting, the State Election Commission will hold its regular monthly meeting. Ms. Andino presented the results of the Statewide General Election as certified to the Board by the respective counties. Ms. Andino stated that the results have been reviewed and are true and accurate in all material respects.

Chairman Bowers asked Ms. Andino if she was satisfied that the results are true and accurate. Ms. Andino responded, yes, with the exception of Greenville County. There were 31 ballots found in the bottom of a ballot box. The ballots have not been opened and arrived after the closing of the polls. Ms. Andino recommended that they be included in the totals as they exist after a recount is ordered by the Commission.

Mr. Pritchard made the motion to certify the results of the Statewide General Election as certified by the respective counties. Mr. Hudgens seconded the motion. The motion passed unanimously.

Mr. Pritchard made the motion to include the totals as they exist after a recount is ordered by the Commission and accept the treatment of the 31 ballots found in ballot box in Greenville County as recommended by Ms. Andino. Mr. Hudgens seconded the motion. The motion passed unanimously.

Ms. Andino advised the Board that mandatory recounts are necessary. The law provides that a recount is mandatory if the difference between any candidate declared nominated and any other candidate not declared nominated is not more than one percent of the total votes cast for all candidates in that particular race as set forth in Section 7-17-280. The following mandatory recounts are necessary for the following races:

Lieutenant Governor – Andre Bauer and Robert Barber  
State Superintendent of Education – Karen Floyd and Jim Rex  
State House of Representatives, District 29 (Cherokee, Chester, and York Counties) – Danny Stacey and Dennis Carroll Moss  
State House of Representatives, District 115 (Charleston County) – Wallace Scarborough and Eugene Platt (Democratic/Working Families Parties)

Ms. Andino recommended that the recounts be ordered for Thursday, November 16, 2006 at 9 a.m. Counties will be advised to make the necessary notifications regarding the recount and post a 24-hour notice of their commission meeting and report results back to the State Election Commission tomorrow.

Mr. Pritchard made the motion to order a recount in all of the above races to be held on Thursday, November 16, 2006 at 9 a.m. Mr. Hudgens seconded the motion. The motion passed unanimously.

Chairman Bowers called for a motion to schedule recount certification of results via teleconference for Friday, November 17, 2006 at 10 a.m.

Mr. Pritchard made the motion to schedule recount certification of results via teleconference for Friday, November 17, 2006 at 10 a.m. Mr. Hudgens seconded the motion. The motion passed unanimously.

Chairman Bowers stated that this concludes the meeting as the State Board of Canvassers and called the State Election Commission to order.

Chairman Bowers stated for the record that a newly appointed member of the State Election Commission was present today. Mr. Bryan P. Stirling of McAngus Goudelock & Courie law firm was welcomed to the Board.

The first item of business was the approval of Minutes from the September 20 and October 5, 2006 meetings.

Mr. Pritchard made a motion to approve the entire slate of Minutes as currently drafted. Mrs. Pinson seconded the motion. The motion passed unanimously.

Ms. Andino gave a recap of the General Election. Ms. Andino stated that countywide and less than countywide offices have until noon, next Wednesday (Nov. 22), following certification and recount, if any, for protest to be filed with the county election commission or county Sheriff. Multiple counties have until noon, five days (Nov. 20), following certification and recount, if any, for protest to be filed with the State Election Commission or SLED. Ms. Andino reported that two protests may be filed. The first involves a county council race in Abbeville County, and the second involves a PSD race in Kershaw County. An updated Protest and Appeal Guidelines Handbook was handed out to all commissioners. Ms. Andino stated that hearings will be scheduled in December.

Ms. Andino gave an overview of election day. Ms. Andino stated that we had some issues with our new website scvotes.org getting too many hits and kept going down. We quickly recovered the problem by moving to the CIO's website. We were eventually able to move everything to our old website state.sc.us/scsec.

Ms. Andino reported that poll managers gained insight with poll managers training they received. There was one incident where Lancaster County was issued a court order to hold their polls open for one (1) hour later because of late opening of the polls. Voting machines worked extremely well. There was a ratio of 10 out of 12,000 voting machines with any kind of problem. There was a fifty percent unofficial voter turnout.

In past elections, there have been reports of waiting to vote because of long lines. There were only a few reports of waiting in line for an hour or more. Richland County reported that they did not have the long lines like in the primary election. The constitutional amendments were handed out in line for voters to view before voting without causing any delays.

Mr. Hudgens stated that he felt that the new statewide electronic voting system had a lot to do with the efficiency of voting in the general election this year.

Chairman Bowers stated his appreciation to the SEC and counties for a job well done. He further stated that we are moving forward with modification in training to our counties.

There being no further business the Board adjourned.

Chairman Bowers called the meeting to order and called the roll indicating the four commissioners calling in. He stated for the record that the meeting had been properly posted and all required notifications had been made.

Ms. Andino called the roll indicating the others participating in the conference call.

Chairman Bowers stated the reason for the meeting was to consider the request for a de novo hearing from Michael Visnich, Appellant v. Horry County Board of Canvassers. He stated that the state board is bound by the facts as determined by the county board (7-17-70). However, if in the opinion of at least two members of the state board the facts should be reviewed, then a hearing de novo must be held. In the event of a review of the facts, the state board may receive any new evidence or exhibits as it considers necessary to determine the appeal.

Attorney Bill Harvey stated that he would be speaking on the behalf of Mr. Visnich. Mr. Harvey stated that additional information has come in. He stated that Mr. Visnich was not privy as a poll manager to make a protest. Ms. Darby made her protest in the afternoon.

Mr. Darby stated that he found six or seven points since the protest was filed and that he was not sure if Mr. Visnich requested a de novo hearing.

Attorney Tom Barlow stated that the letter submitted on December 7, 2006, states their points. The District opposes a de nova hearing. No new evidence has been presented by Mr. Visnich to support the need for a de novo hearing. For these reasons, Mr. Barlow argued that the Commission should not deviate from the default rule that appeals to the State Election Commission should be limited to the record before the local commission.

Ms. Sandy Martin stated that Mr. Visnich was not a poll worker and his daughter was not told at anytime to turn in a protest.

Ms. Darby stated that she called the county election commission and was given the final date to file a protest but the twelve o'clock deadline was not mentioned to her so she assumed the deadline was for five o'clock.

Chairman Bowers called for a motion to consider the request for a de novo hearing. Mr. Hudgens made the motion to conduct a de novo hearing. Ms. Pinson seconded the motion. Chairman Bowers stated that based on S.C. Code, the commission should hear most cases in its appellant capacity and asked Mr. Hudgens if he wished to withdraw his motion.

Mr. Childs stated that the law clearly disfavors a de novo hearing. A de novo hearing would be inconvenient and expensive to re-present exhibits and testimony that presumably would be identical to the evidence and arguments presented to Horry County Commission.

Mr. Hudgens stated that he would like to withdraw his previous motion and move into executive session to receive legal advice.

Chairman Bowers called for a motion to move into executive session for the purpose of obtaining legal advice. Mr. Hudgens made the motion and Mr. Stirling seconded the motion. The motion passed unanimously.

Chairman Bowers called for a motion to move out of executive session. Ms. Pinson made the motion to move out of executive session and Mr. Stirling seconded the motion. The motion passed unanimously.

Chairman Bowers stated for the record that no action was taken while in executive session. Chairman Bowers called twice for a motion for a de novo hearing. Hearing none, Chairman Bowers ruled that the Commission will hear this protest solely in its appellant capacity and the state board will be bound by the facts found below by the county board.

There being no further business the Board adjourned.
